📄 PROFILE

My name is Mohit, and I am currently pursuing my Bachelor's degree in Computer Science and Engineering (CSE). As a passionate college student, I am constantly striving to expand my knowledge and skills in the field of technology. I embarked on a journey to explore the fascinating world of web development. I have acquired new skills and familiarized myself with various web technologies, enabling me to create dynamic and engaging websites.

📁 PROJECTS

Btown Cafe ☑

Full Stack Cafe application with major functionalities like reservation and attractive ui. Crafting cafe app was a journey of creativity, coding, and collaboration..

Netflix Clone ☑

A Netflix clone is a streaming service replica that includes features like user profiles, a wide content library, recommendation algorithms, and secure payment processing.

Flipkart Clone ☑

The Flipkart clone is a user-friendly and feature-rich online marketplace that offers a wide selection of products from various categories, catering to the needs and preferences of diverse consumers.
